(b) The Council may require an applicant to deposit a higher sum as it deems sufficient to cover the estimated cost of the supply in such circumstances as the Council deems appropriate.

(2) Should the amount deposited in terms of sub-section (1) subsequently prove to be insufficient, the consumer shall, within 7 days of being called upon to do so by the Council, deposit such further sum as may be necessary to increase the deposit to an amount sufficient to cover the actual or provisionally assessed cost of three months' supply or, if the Council deems it appropriate a higher sum. (2) Application for the supply of electricity under these scales shall be made to the Engineer and shall be accompanied by the fees prescribed.

(3) On payment of the fee referred to in (2) above, the Engineer shall provide and install all equipment required for delivering electricity to the consumer's premises. If a small power distribution unit is supplied it will become and remain the property of the consumer. All other equipment, including the line or cable and electricity dispenser will be maintained by the Electricity Department and shall remain its property.

(4) The Engineer shall be entitled to change a credit meter for an electricity dispensing unit where he considers that for technical or other reasons it is in the best interest of the service, in which case the electricity service shall bear the cost of the changeover.

(5) The Engineer shall be entitled to remove its equipment on termination of the supply to the consumer.

(6) The energy consumption shall be paid for in advance by the purchase of tokens or the equivalent from the Chief Financial Officer or his authorized representative. Such tokens shall only be issued to consumers giving their consumption address and supplying an identification number.

(7) The consumer shall afford Electricity Department officials free access to the premises at all reasonable times for the purpose of inspecting and/or maintaining the electricity dispenser.

(8) Every consumer of electrical current under this section shall be required to deposit with the Council such sum as the Council deems sufficient to cover or partially cover all the costs of replacing an energy dispenser. Such deposits will be refundable to the consumer who made the deposit after notification by the dispenser. Such deposits will be refundable to the consumer who made the deposit after notification by the consumer that he intends to cease taking supply; provided that his connection and metering is still operating correctly.

(9) Only one instance of charging a connection fee shall be permitted at any one premise.

20. TEMPORARY SUPPLY

20. (1) Subject to the provisions of sub-section (2) hereof where application is made for a temporary supply of electricity, the Engineer shall furnish the applicant with the estimated cost of connection and disconnection. The applicant shall pay such estimated amount before the supply is given and shall pay for the electricity consumed at the prescribed tariff rate. Where the variation between the actual cost of connection and disconnection and the estimated cost exceeds 10%, the applicant's account shall be adjusted to reflect the actual cost.

(2) Temporary single-phase supplies for the periods not exceeding 14 days for fetes, religious gatherings, election lighting and similar purposes may be provided to premises situated immediately adjacent to suitable existing supply or service mains upon payment of the relevant charge in terms of the applicable tariff of charges.

21. TEMPORARY SUPPLY OF ELECTRICITY

21. (1) Every consumer shall maintain the electrical installation, sub-stations and all appliances on the premises owned or occupied by him in good order and repair and shall be responsible for the safe-keeping of all meters, service fuses, service mains, and other electrical apparatus and fittings belonging to the Council which are placed and installed on his premises. The consumer shall be responsible for any loss of or damage to any apparatus and fittings to the Council which directly or indirectly results from a failure on his part to exercise all reasonable care in safeguarding the same, or is caused by any wilful or negligent act or omission of the consumer or of his employee or agent or any person who is upon the said premises with the consent, tacit or otherwise, of the consumer, or given on his behalf, and the consumer shall pay to the Council on demand the cost of making good or of repairing any such loss or damage as ascertained and certified by the Engineer.

(2)(a) Where a consumer discovers any fault or defect in any electrical installation, he shall immediately cut off the supply at the main switch and arrange for the rectification of the fault or defect.

(b) Any action undertaken under sub-section (2)(a) above does not in any way condone any tampering or associated illegal activity of the meter or supply.

(3) Where, in the opinion of the Engineer, the electrical installation in any premises is not in accordance with the bylaws or the code of practice or where in his opinion there is any defect in such installation or sub-station or in any appliance used in or on such premises which is likely to cause injury to life or damage to property, he may, by notice, call upon the consumer to bring the installation substation or appliance into conformity with the bylaws or wiring regulations or to remove the defect within the period specified in the notice. Upon the failure of the consumer to comply with such notice within the period specified, the Engineer shall have the right to disconnect the supply of electricity to such premises.

(4) If a consumer fails to perform the duties imposed on him by sub-section (1) or if he fails to comply with the terms of a notice given to him in terms of sub-section (3) within the period specified in such notice, the Engineer may, at the cost of the consumer, himself cause any work to be carried out which he considers necessary to bring the electrical installation, substation and appliances on the premises concerned into good order and repair and remedy any defect therein or to bring the electrical installation into conformity with the bylaws or the code of practice, as the case may be.

(5) A lessor is required in terms of the Electrical Installation Regulations to be in possession of a valid certificate of compliance for each installation used or leased by him.

22. DUTIES OF CONSUMER

22. (1) All electricity consumed shall be paid for at the appropriate tariff rate prescribed by the Municipality and or its successor.

(2) Accounts shall, as far as practicable, be rendered monthly and shall be paid within 21 days from the date of the account. Where a consumer fails to pay the account within such period, the Engineer or the

Chief Financial Officer may cut off the supply. A consumer whose supply of electricity has been disconnected in terms of this section shall not be entitled to be reconnected to the Council's supply mains until the amount of the account and the prescribed reconnection/administration fees have been paid in full.

(3) Meters will, as far as practicable be read and electricity consumed between meter readings shall be deemed to have been consumed evenly between such meter reading dates.

(4) Where an account is terminated less than a month thereof after the preceding reading of the meter, the monthly fixed or minimum charge will be deemed as a month. For the purpose of assessing fixed or minimum charges 'one month' shall be reckoned as 30 days.

(5) (a) In those months in which any meter is not read the Chief Financial Officer shall render an account for an estimated sum for electricity, such estimated sum to be assessed by him with due regard, wherever possible, to the average monthly value of fixed or minimum charges and of electricity consumed upon the premises served by the meter and to any tariff changes that may have occurred.

Provided that where there has been no previous consumption the Chief Financial Officer may determine the amount of the said provisional sum by reference to such consumption on other similar premises as s/he considers would constitute a reasonable guide.

(b) In those months in which any meter is read the Chief Financial Officer shall render an account for the total quantity of electricity consumed since the previous reading, together with the appropriate fixed or minimum charges and shall deduct therefrom the total amount of provisional sums (if any) which may have been charged in terms of paragraph (i) since such previous meter reading.

(c) The provisions of sub-section (2) shall apply to accounts rendered in terms of this sub-section.

(6) Where any meter is found to have ceased to register or to have registered inaccurately to an extent of more than within the applicable standard specifications, the quantity of electricity to be paid for by the consumer from the date of reading of the meter prior to its failure to register or becoming faulty up to the time of its repair or replacement shall, unless the consumer is able to establish to the satisfaction of the Engineer that a lesser or greater quantity of electricity was in fact consumed, be estimated by the Chief Financial Officer on the basis of:

(a) The average monthly consumption of electricity upon the premises served by the meter during a period of up to twelve months prior to the last registration, or the date on which it ceased to register accurately or, if this is not possible;

(b) The quantity of electricity consumed upon such premises during the corresponding month or months of the previous year or, if this also is not possible;

(c) The average monthly consumption upon the premises served by the meter over a period of up to twelve months after its repair, where consumption is measured using a credit meter; or on the average consumption of similar consumers within the same area, where supply is via an electricity dispenser.

23. ACCOUNTS

23. (1) The record by any meter installed on any premises by the Council shall be conclusive proof of the quantity of electricity consumed provided that where such meter is tested as hereinafter provided and found to be within the error as provided for in the applicable standard specifications, the Chief Financial Officer shall correct the consumer's account to conform to the result of the test and shall refund to the consumer any amount paid by him in excess of the amount due. No such adjustment shall, however, be made in respect of any period prior to the last metered period for which an account is rendered to the consumer unless the consumer is able to establish to the satisfaction of the Engineer that the meter was inaccurate during such prior period.

(2) The Engineer may and shall at the request of any consumer and upon the payment of the fee, test the accuracy of any meter installed by the Council. Where any such test is carried out at the request of the

consumer, the fee paid by him shall be refunded if the meter is found to be within the error as provided for in the applicable standard specifications.

(3)(a) Where portions of any premises which are separately let or occupied are separately metered, and the owner of the premises accepts responsibility for the payment of all or some of the accounts of the tenants or occupiers, he shall not be permitted to summate the current consumed by such tenants or occupiers in order to obtain any benefits under the tariffs.

(b) Where portions of any premises which are separately let/occupied are separately metered then the account may only be differentiated in terms of the category of supply in cases where there are established differentiations in the rating category as per the municipality's valuation roll.

(4) Cheques drawn on any branch bank situated within the area of supply need not include bank exchange.

24. INTERRUPTION OF SUPPLY

24. (1) The Council shall not be liable for any loss or damage, direct or consequential, due to or arising from any interruption, diminution or discontinuance of the supply of electricity or any temporary increase or surge therein, occasioned by a strike, blackout, war, Act of God, legislative action or embargo or any other cause beyond the Council's control or by any fault occurring in the machinery, supply or service mains or other apparatus of the Council or by the rectification of any such fault. The consumer is deemed to hold the Council indemnified against any action, claim, expense or demand arising from or in connection with any of the matters aforesaid.

(2) The Engineer may without notice, interrupt the supply of electricity to any premises for the purpose of carrying out emergency repairs to supply or service mains.

25. TERMINATION OF SUPPLY

25. (1) A consumer may terminate the supply of electricity by giving the Chief Financial Officer at least 14 days' notice of his intention to cease taking a supply.

(2) Any consumer who vacates the premises supplied without giving notice as required by subsection (1) hereof, shall be liable to pay for all electricity consumed on the premises up to the date that the new occupant of the premises accepts responsibility for the electricity supplied thereto.

(3) Upon the termination of the supply, the Engineer shall be entitled to disconnect the supply to the premises unless an application for the continuance of the supply to such premises has been made to the Chief Financial Officer in terms of section 4 of these Bylaws.

(4) A consumer who has given notice in terms of sub-section (1) hereof may claim a refund of the amount deposited by him, or so much thereof remains after the deduction of any amount owing by him for electricity supplies or service redeemed.

(5) (a) Where no claim for a refund of the amount deposited is made within five years from the date of termination of supply, the deposit shall be forfeited to the Council: provided that if a claim is made after the expiry of five years from the date of termination of supply.

(b) Subject to the submission of substantial proof, the Chief Financial Officer may at his/her discretion refund such amount.

(6) Should electricity not be consumed for a continuous period of 6 months by:

(a) Consumers on the small power users' tariff; or

(b) Consumers whose supply has been disconnected for non-payment of account and who have not applied for reconnection during the specified period.

(2) If there are reasonable grounds to believe that the Municipality has sustained any loss due to tampering or interference with any supply mains, service connection, meter, protective devices, seals, lock or other electrical equipment in contravention of subsection (1) above, the Municipality may estimate such loss and such loss will be payable by the consumer. In addition, such consumer shall pay to the Municipality any cost which it may incur in repairing or reinstating the equipment, together with prescribed fee or surcharges;

26. (3) Where prima facie evidence exists of a consumer and any/or any person having contravened subsection (1), the Municipality may disconnect the supply of electricity to the consumer, and that person shall be liable for all fees and charges levied by the Municipality for such disconnection;

26. (4) Where a consumer and/or person has contravened subsection (1) and such contravention has resulted in the meter recording less than the true electricity consumption, the Municipality shall have the right to recover from the consumer the full cost of the estimated electricity consumption;

26. (5) Where interference or damage is caused by any consumer having contravened subsection (1), legal action may be instituted against such consumer.
